

February 1, 1985

STATE OF NEW JERSEY
DEPARTMENT OF LAW & PUBLIC SAFETY
DIVISION OF CONSUMER AFFAIRS
BOARD OF MEDICAL EXAMINERS

FOR LICENSURE TO PRACTICE
MEDICINE & SURGERY IN THE
STATE OF NEW JERSEY

ORDER PERMITTING LICENSURE
WITH CONDITIONS

The Board through its Credentials Committee having thoroughly examined Dr. Beldin and observed his demeanor, is convinced of his successful rehabilitation and considers the manner in which he has positively altered his lifestyle to represent an admirable model of rehabilitation. The Board is also considering that the licensure sought by Dr. Beldin does not include the right to access to or prescription of drugs.

However, the Board being mindful of its responsibility to pro-

protect the public health and safety and fully aware that Dr. Beldin's history of drug abuse is relatively recent, the Board will permit Dr. Beldin to sit for the licensing examination only on the following conditions.

1. If Dr. Beldin is licensed in New Jersey following successful passage of the examination, his license to practice chiropractic shall be limited to practice only under the supervision and employment of another licensed doctor of chiropractic for a period of at least 3 years following licensure.

2. Dr. Beldin must advise the Board of Medical Examiners in writing of the name and address of his supervisor and any change in supervisors. He must also arrange that all of his supervisors are given a copy of this Order.

3. Any such supervisory Doctor of Chiropractic shall report to the Board of Medical Examiners in writing semi-annually during the period of license limitation as to Dr. Beldin's performance and any evidence of substance abuse. It shall be Dr. Beldin's responsibility to see that such reports reach the Board office.

4. At the conclusion of a 3 year period of license limitation, Dr. Beldin shall appear before the Executive Committee of the Board of Medical Examiners to discuss the removal of limitations.

5. At any time following his taking of the examination for licensure as a chiropractor, and until the limitations on his licensure are removed by the Board, Dr. Beldin shall report for testing for drugs in his body on at least 6 hours prior notice at a place and time to be designated by the Board.

FOR THE BOARD OF MEDICAL EXAMINERS

Hamilton, NJ 08619

Dear Dr. Belden:

The New Jersey State Board of Medical Examiners, at its March 9, 1988 meeting, had the opportunity to review the minutes of your appearance before its Executive Committee on February 24, 1988.

You appeared in accordance with a Board Order filed February 1, 1985. That Order permitted you to be licensed with conditions based upon a 1977 conviction for possession of cocaine with intent to distribute and conspiracy to possess and distribute CDS. You testified that you have been working with Martin Schached, D.C. at the Princeton Chiropractic Center since your licensure. You indicate that if the restrictions are terminated, you plan on remaining in practice with Dr. Schached.

Please be advised that the Board was impressed with your rehabilitative efforts and therefore have ordered that all restrictions on your New Jersey chiropractic license be removed.

Very truly yours,

Charles A. Janousek
Executive Director
